

NOTE N° 0520-2021

Subject: Acknowledgment for the successful surgical operation to
Mrs. Ilze Briede-Beržinska

The Honorary Consulate of Mexico presents its compliments to the General Management of Riga East Clinical University Hospital and wishes to express its sincere gratitude for the extraordinary and successful hip replacement operation performed at the Clinic of traumatology and orthopaedics, on March 31, by orthopaedic surgeon MD Phd. Andris Vikmanis with the unvaluable coordination by chief physician of anaesthesiology MD Phd assoc.prof. Biruta Mamaja and the support of anaesthesiologist MD Phd assoc.prof. Agnese Ozoliņa, and a highly qualified medical staff, to Mrs. Ilze Briede-Beržinska, wife of the Honorary Consul of Mexico in Latvia.

After a serious fall, Ms. Briede-Beržinska had fractured her pelvis and left femoral neck and was suffering from severe pain. Unfortunately, the general state of her health and a severe heart failure, made the situation more complicated. Over a period of six months we turned to various medical institutions, all of whom refused to perform surgical treatment, due to the high risk the patient presented. Subsequently, we turned to Riga East Clinical University Hospital and thanks to the approval by chief physician of anaesthesiology MD Phd assoc.prof. Biruta Mamaja and orthopaedic surgeon MD Phd. Andris Vikmanis and anaesthesiologist MD Phd assoc.prof. Agnese Ozoliņa, we were able to schedule the operation.

Thanks to the experience, professionalism and dedication of doctors Vikmanis and Ozoliņa, together with their strict sense of human and social responsibility, they made this delicate surgical operation possible, with a wonderful result. After a week of successful recovery, she was discharged home for further rehabilitation.

A little over a month after this delicate surgery, carefully following the recommendations and physical therapy exercises, Mrs. Briede-Beržinska is now pain free, can get up and walk with the help of a walking frame.

The Honorary Consulate of Mexico avails itself of this opportunity to renew the assurances of its highest consideration to the General Management of Riga East Clinical University Hospital.
